

# Grant Application Questions

---

The FIRE Grant program (Funding Indigenous Resurgence in Edmonton) provides funding assistance—up to \$10 000—to Indigenous (First Nations, Métis, and Inuit) individuals and organizations to support projects that help tell important stories about our community.

The FIRE grant program is designed by Indigenous people for Indigenous people. This program supports Indigenous peoples' inherent right to self-determination and cultural resurgence, and we hope to provide folks with the support and resources to advance their brilliant work.

We are looking for projects that **centre storytelling and/or art**: Storytelling and artistic practice are core to heritage. If your individual or community project centres storytelling and/or art as an expression of heritage and relates to amiskwacîwâskahikan (Edmonton), we encourage you to apply.

## SECTION 2: ABOUT YOU

At EHC we understand that Indigenous identity can be complex, and that colonial system of verifying indigeneity such as blood quantum and status cards can perpetuate inaccuracies in understanding identity from the perspective of Indigenous communities. We also know that the emergence of non-Indigenous people claiming indigeneity to gain access to funds, industry, and connections has caused extreme harm to Indigenous peoples. Therefore, the following questions about indigeneity are important for us to ground our understanding of you, your work, and your application. If you have any questions or require further clarification, please contact us.

26. If you are applying as an individual:
  - Are you Métis, First Nations, Status, Non-Status, and/or Inuit?
  - What community are you from?
  - What is your relationship to amiskwacîwâskahikan (Edmonton)?
27. If you are applying as an Indigenous-led collective or registered non-profit society:
  - What is your organizational overview, summarizing the organization's activities over the past year, including programs, projects, and partnerships.
  - Include the names and bios of the Métis, First Nations, and/or Inuit members of your organization involved in this project, including the communities they are from.
  - Include the names and bios of the non-Indigenous members of your organization involved in this project.
  - What is your organization's history and current relationship to amiskwacîwâskahikan (Edmonton)?

### SECTION 3: ADDITIONAL MATERIALS

These additional materials will help the jury members assess your project accurately. While only the grant budget form is required, we highly suggest uploading explanatory notes to the grant budget form, and any other materials (like letters from partners or a resume) you think would be helpful to your application.

28. Upload your completed and balanced grant budget form.

*Optional: explanatory notes to the grant budget form, detailing each of your project expenses (including these notes is optional but highly recommended)*
